## HEALTH & CRISIS INTERVENTION

We believe that everyone in our community deserves to live in a safe environment, with access to health care and adequate support that leads to a healthy life.

## PROMOTING SELF-SUFFICIENCY

We believe everyone in our community should be able to provide for their family and sustain their lives with dignity, regardless of the economic climate of the country.

## STRENGTHENING FAMILIES & YOUTH

We believe everyone in our community deserves quality education and opportunities for success in life, from our younger members to our most senior citizens.
